The neighbor next door...
FLOOF...
GOOD MORNING.
FLOOF...

Thank you for reading!

This was a story about two boys with a peculiar relationship, only connecting through a "gloryhole"...♡

In this work, I carefully depicted each act, like masturbation and cunnilingus, and included a lot of focus on the top's perspective as well.

Usually, I often portray skilled extra uncles as tops, but a virgin top who gets embarrassingly thrilled over his first time and his first encounter with a cuntboy's body is pretty great too♡

I'd be delighted if you could make use of this work as a daily companion!

I also post lots of erotic illustrations on pixiv.
I draw plenty of cuntboys too! Please come check them out~!
